# Assignment 2, Research Proposal: 99 Problems, But Notches Aint One

*Kyle Ott and Cornelius Schneider*

*24 October 2014*

## Contents

## 1 Introduction

Will be using R for this project

## 1.1 Brief Overview of German Tax Scheme

## 1.2 How Do Notches Differ Than Kinks?

## 2 Research Question

State the question

Justify why it is interesting: bunching, is the gov aware of this? potential to increase revenue and increase efficiency

## 3 State of the Art

More detail – paucity of research

Gaps in research? Connection to motivation. What has been done before, new data? Different approaches?

Methodology for answering questions – potential methods. . . .

## Methods
